Forecast For The United Kingdom
Issued by Met Office Exeter
at 1500 on Monday 27 Dec 2021

UK Outlook for Tuesday 11 Jan 2022 to Tuesday 25 Jan 2022:
There is the potential for a short-lived settled spell to start this period, which would mean cooler and drier weather but also an increased risk of overnight fog and frost. Later in the month, milder but more unsettled weather is expected to return, with the associated hazards of strong winds and heavy rain.
